Several of the men who were detailed for the Signal service at Leland to make their escape — I can not tell how many but as well as I can ascertain about 6 — I have written and sent and three men to report to me here for duty — They have lost their blankets and every thing else — but the clothes they have on —

There are no blankets here — but I am informed that the Quarter master at Jackson has some —

I desire authority to draw a sufficient number & give each man a blanket — The blankets are uncommonly high priced and if the men have to purchase them, it will take their whole $ 3 month allowance for clothing — As the blankets were unavoidably lost in the public service, through no neglect or remissness on the part of these men and as they are thus escape to their own intelligence and exertions — it seems to me to be only fair that the men should be supplied with Blankets by Government —

I therefore request that the Quartermaster may be ordered to supply me with 6 Blankets for which I will be accountable

I have reflected upon the subject of undertaking the Navigation & management of the Canals under this Department & they cause to say that I think it doubtful whether owing to the difficulty in procuring Key stones and the difficulty occasioned by the Malaria of the Country the greatest amount of Labour and activity in an Officer would obtain any Satisfactory results in the efficiency of the Corps: And I strongly & earnestly request orders assigning me to any duty I shall gladly prefer remaining in my present position as Lt. Engineer on the Staff of Gen D.S. Manry

So far as instruction in the system of Signals and regulating proper and skillful officers and men used to handle I am entirely ready to assist in organizing and constituting & the utility of the Corps but I would prefer to do this without being detached from Gen Manry's Staff

General

I am averse to making application in my own behalf; but when it is considered that promotions are taking place every day in the line, by the occurrence of vacancies from Casualties and resignations, and that a Staff Officer however meritorious has an opportunity to give but little to the recognition of his claims and services by the Department, I hope it will not have the appearance of presumption, if I beg leave to call your attention to the letter of Maj Gen'l D.H. Maury com'dg this Department of August 20th requesting the promotion of Maj J.F. Hamer and myself to be Lieut Colonels in the A. & I. Gen'l Dep't Provisional Army

I entered the service as a volunteer from Maryland, and commanded my company in the first battle of Manassas, as Col (then Gen'l) J.B. Kershaw 2nd S.C. Vols was pleased to [illegible] with [illegible]

I served under Generals Knyphett and W. B. Stimmel in the operations about and below Vallé's Bluff and have been personally and officially complimented by both officers for gallantry and zeal

I was engaged by Maj Gen E. K. Smith then commanding the 1st Corps Army of the Potomac making reconnoisances &c &c, and by him recommended to the War Department for an appointment in the Regular Army, for which his letter now on file in the War Department declared me "in every way fit"

I received an appointment in the Engineer Corps at the solicitation of General Beauregard and accompanied him to the West. I was present in all the operations at New Madrid, Point Pleasant and Island No 10 until within a few days of the surrender of the last named, and received special mention in the official report of Maj Genl McCown for gallantry and good conduct. I took part in the battle of Shiloh having two horses shot, and again received a favorable mention in the official report of Genl Beauregard

Being transferred to the Army of the West as Chief Engr on the staff of Genl Maury, I accompanied his division on the March to Corinth and through the subsequent operations of that Command

In December the command of Genl Maury was ordered to Vicksburg where I remained partaking in the operations of the winter. I accompanied the Deer Creek expedition commanded by Brig General Featherstone and was again favorably mentioned in his official report. I also took part as did my Division in the final repulse of the enemy from Fort Pemberton

Since the 4th of May I have served as the Chief Engr of this Department

I have been in eight or ten actions great and small, have been four times favorably mentioned in official dispatches. I have never received any reprimand or reproof — nor have charges of any kind ever been preferred against me

This is a simple record of facts which I lay before the Department. If entitled to promotion I should like to have it; I should consider such promotion be injustice to officers in the opinion of the Department equally or better deserving, this application will not I hope be considered to my prejudice

I have the honor to be General

Dear Sir

I lost a horse eighteen months or so ago in the following manner During the battle at Corinth Miss Oct 3. & 4th 1862, it was applied to by an officer, who gave his name as Dickens of the Mississippi troops. he was badly wounded and unable to move to the rear — I gave him a horse taken in my possession to carry him where he could obtain assistance — I suppose he was killed or died in the hands of the enemy for I never heard of him or the horse again. I paid the owner of the horse his estimated value, and have his receipt and the appraisement of the horse.

Is there any law under which I can obtain from him remuneration for this horse, lost as I think in the Public service? — for what service can be more legitimate than saving our wounded to a place of security — Often know I can ill afford the loss —

I have not thought by making application before, but I recently saw an

telegram respecting a certain law passed by Congress which I thought apply to my case.

I am sure you will give the case as favorable consideration as it's nature & the facts admit — and beg that you will inform me if under your construction of the law, I have any claim at all.

are unwilling to ask a satisfactory
his character & capacity. He
retains in the ranks when he could
realize for more efficient service
elsewhere, than the ordinary ap-
plication. Men of age, experience
character & capacity are pretty rare

spared for Genl.

You will perceive that Gen Smith
approves the recommendation. I
can assure you that no application
could be more agreeable to all my
colleagues than Mr Rapine.

If you shall decide to appoint Mr
Rapine, you will greatly oblige me.

Sir

I have the honor to state that I was appointed a Lieut Col Arty P.A.C. for the purpose of commanding troops connected with the Richmond Defences, and ordered to report to Colonel Rhett for duty. About a month after I was assigned to duty, a General Court Martial was convened in Richmond by the order of General Winder, and I was detailed as a member. Said Court was composed of officers detailed from the different Battalions composing the command of Colonel Rhett. Many of the members remained on the Court for months although they were Captains of companies, until the Court became a permanent one when most of them were relieved by their own request. Another officer was made Lt Colonel and placed in command of my Battn about a month after my being detailed, although I have never been relieved from the command by the paper conferring the appointment upon me. However considering that I had been relieved immediately after being relieved from duty with the Court I reported to the Adjt & Insp Genls Office for orders, and was sent to command the 10th Ala of Genl Wilcox's Brigade during the absence of the Field Officers. On the return of the Col and Lieut Col of the Regt, I was relieved from duty by Genl

ficer and ordered to report to the Asst Adjt
Genl. I reported immediately on my arrival
in Richmond and asked to be assigned
to duty. After waiting a reasonable length
of time and receiving no orders I asked
to be ordered to report to Genl Winder for
duty who has informed me that he could
assign me. I asked to be assigned to Genl
Winder from the mere fact that I did not
wish to be idle, and have cheerfully obeyed all
orders which he has given me especially
those where he has placed me in command
of troops to repel raids upon the city.
Since my appointment as Lieut Col with the
exception of a few days I have been constant-
ly on duty.

Sir

I would most respectfully ask if my provisional appointment as Ay in the Adjt Genl's Department is pleased with my assignment to duty with Captain Childs Company of Artillery.

If such is the case I think a precedent has been established, (I speak for officers of the old Army) which must be injurious not only to their interests, but will place them on an inferior footing to officers who are serving for the war for such time as their pleasure, or convenience may dictate. I have educated for the army, and expect to remain in it all my life, and I think my former services will justify me in asking the rank which has been conferred upon me. Officers of the old Army have also the most brilliant opportunities for distinction, and as their reputation is their all to them, and their hope for promotion &c. dependent upon that reputation, I would most respectfully state that a fair opportunity should be afforded them for [illegible]

I received this morning your favor of 19th inst. & am unable to send you any Small Arms or Ammunition at present, but may be able to do so in a few days. I can furnish you with the following articles viz" Carbines, Rifle Pistols Hawkins and some Sea Coast Blocks, which I am now having made, on the coast of N.C. I will be able to furnish you with Carbines, by the end of 2000 per week.

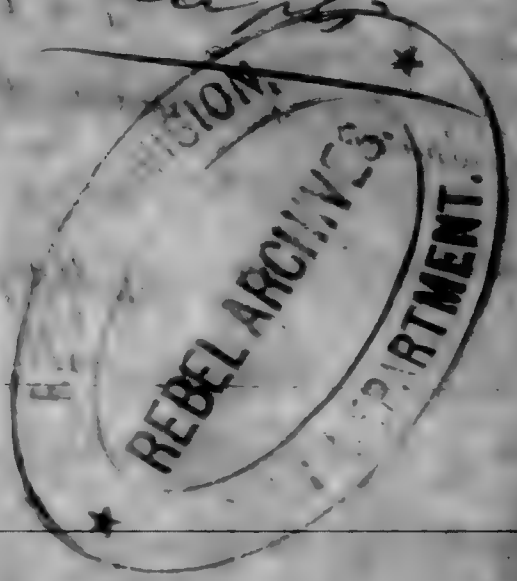

The Hawkins Cylinders are those that I sent to Charleston, & Memphis, although I could have made them better for your service, if I had known you were going into the State, & I succeeded well in making a good article, but too late for this year immediately. Let me know as soon as possible, how many of these Guns & Hawkins you want, & I will make an order accordingly. I do not know how much it is worth as I have not sold any for some time, but will ascertain as soon as possible, & inform you. I can supply you with Rifle Pistols at the rate of 200 per week. I am as I can make them at the rate of 200 per week.

Sir,

Captain R. M. Cuyler who has for a long time been the Ordnance Officer of my Staff, having been ordered to remove the Ordnance depot from this place to Macon, I am exceedingly anxious to have appointed in his place here, Mr A. S. Cunningham his very able chief clerk.—

Mr Cunningham having served in the Office since 1st of January last, has already the run of the business & has for the last fortnight conducted it with great ability.— He is an applicant for a Commission in the Corps of Artillery & is strongly recommended by Brig. General W. W. Mercer & Capt. Cuyler.

From my personal observation I know Mr Cunningham to be competent & deserving in the highest degree & I most earnestly ask that he be appointed.—

my application (as per enclosed list) for detailed men

more skilled and of greater use than new men could
possibly be. The demands on the Depot are at

Sir.

I have the honor
to apply that Capt
Edward Cunningham late of the
Engineer Corps of the Virginia Forces may
be appointed Capt in my Corps
of Engineers to report to me for duty on
my Staff. In making this application
I take great pleasure in calling the
attention of the Department to Capt
Cunningham's qualifications & services.
He graduated at the
Virginia Military Institute, & was
acting as Asst Professor at that
Academy when the late state secession
commenced. Since that time he has been acting
as Capt of Engineers in the field.
with an efficiency which is best
attested by the recommendations
given by Gen J. E. Johnston & Brig Gen
M. L. Bonham Chief Engineers of
the Army of the Shenandoah.

At the Battle of Manassas he
served on my Staff and after I was
wounded continued on the field
distinguishing himself by his personal
bravery & by judicious direction of
the troops in the Brigade with which
he was serving

I recommend Capt
Leonidas Polk for an apt in the
Engineers for an apt in the
Army of the Confederate States, believing
that both Morally, Intellectually, & Profes
sionally his qualifications as a Soldier, he will
prove a Credit to any Appointment
the Department may see fit to
give him

I have the honor to report that in accordance with verbal instructions from the Lt General Comd. I have examined the Country in this vicinity with a view of finding a location and buildings suitable for the establishment of a Division or General Hospital.

There are no buildings vacant which, in my opinion, could accommodate the sick of the entire Division, but there is a sufficient number available, each of which with slight repairs would accommodate the sick of a Brigade —

These buildings are 1st Church at Gen. Hoke's former HQrs
2 Stores at Expansions of Henderson and Fayetteville roads
3. Church near the Martindale, & Leaks Store
5. Church near the Fayetteville road 2 Miles South of Leaks
5. Academy building near the last Church — used as a School and attended at present by some sixty pupils

I would respectfully request the establishment of Brigade Hospitals under charge of the Brigade Surgeons aided by an Asst Surgeon from their respective Brigades, as the best means of providing for the sick of the Division — The selection of the above points as Hospitals for the respective Brigades could be made at Division Hd Qrs as the Chief Surgeon of the Division is acquainted with the requirements of the different Brigades — and their distance from the points indicated.

Dear Sr.

I have yours of 21st inst. Although authorized to sell cloth to officers I am so scarce of all kinds of goods that I am refusing to sell.

Nevertheless if you will hold up your right hand and swear to tell no other officer I will sell you enough for one suit or for an overcoat cannot do both, would be afraid to send up certificate of sale to an officer for so much, the cloth I have is not my good but it is better than paying ten prices to the Jews.

Ascertain from a Tailor how much it will require and I will send it to you with the proper certificate to sign.

I owe Capt Moore a suit also, see him and perhaps it would be best to send both together.

How do you like Macon?

Sir:

It is necessary that some effort be made to increase the production of those things so economize the expenditure of all raw material used in connection therewith.

As a preliminary step towards the attainment of this end, you are directed to proceed, without delay, to make a thorough inspection, within the States of South Carolina, Georgia, Alabama, Florida, Mississippi, & to the extent circumstances permit, Tennessee, of all matters in any way incident to the production of the supplies referred to.

You will pass from point to point as occasion may require, making Atlanta as your [illegible] permanent post, inspect all the depots for the Manufacture of Clothing, the operations of all Purchasing Officers wherever located, & ascertain how far the resources of the country have been

made productive. Your inspections will include the collection, tanning & manner of disposing of Hides or Leather; and you will be particular to ascertain for the different Factories within the State mentioned, have been heretofore employed on Government account.

Should you need in this connection, temporarily, the aid of a few agents of special qualifications, you are authorized to employ them. You will also make it your business to ascertain, through your inspections and otherwise, what particular Officers of this Department possess peculiar fitness as Manufacturers of this description of supplies.

You will not postpone your report until the whole tour of inspection is completed, but will forward partial reports, relating to each inspection &c., as soon as the inspection is made thereof.

General:

Enclosed I beg to hand you blank form of contract and copy of Rules I have adopted in dealing with Cotton Factories, where Factories produce Woolen Goods in sufficient quantities I demand only one-half their Cot. Goods conditioned that all their Woolen Machinery shall be employed on Govt account.

With some few exceptions these terms are acquiesced in by the Factories, in such exceptional cases however I am much embarrassed for want of the proper order by which to control the detail of their mens, as they have but to contract with some other Department and I am without remedy.

The Commissary Department have already contracted with several Cotton Factories in this section, I hope, General, you will advise me, at a very early day, of your further action in regard to supplying other Bureaux.

By this Mail I send forward for the approval of the 2 M. Genl. a contract I have just concluded with the State of Ga. by which I get rid of their competition in the purchase of wool. This matter has recently given me much anxiety and I am satisfied this arrangment is the very best that could have been done under the circumstances and I hope the 2 M. Genl will approve my action in the premises.

Will you do me the kindness to have the following orders issued at early date viz:

1. An order giving me authority to pay the Agents engaged in the Collection of Wool a compensation proportioned to the wool bought by each. I have agreed to pay each of them 35 cts per lb. all expenses to be borne by the Agents except R.R. Transportation.
2. An order directing me to travel on duty within the districts assigned me whenever it may be necessary for me to personally visit any of the Factories or Agencies so that my own expenses and those of my Bonded Agents can be paid under the special order No 83. Adj. & I.G. Office.

   This authority however not to apply to the Wool agents who are paid a compensation pro rata with the Wool purchased.
3. Authority for Imprisonment for Myself. W. F. Herring

and G. G. O'Bryan. It may be necessary occasionally to inspect the products of such Factories as fail or refuse to contribute their share of the goods needed. It would be well also to send such authority (if they have it not) to Maj. L. Mims. Maj. Wm Barnewall, Capt. W. M. Gallaspie, and Capt. Jno. C. Cobb. I anticipate but little trouble or necessity for impressment of wool in this State since the arrangement with Gov. Brown.

4. Orders to the proper officers at Savannah, Augusta, Macon, and Montgomery prohibiting the Shipment of Wool except on Govt account. It is necessary to be exceedingly vigilant in order to suppress speculation in wool.

5. Orders to Maj. A. O. Bridewell, Q.M. at Augusta and Maj. G. G. Michaelofsky, Q.M. at Macon to provide storage for wool & factory products for distribution. Let Order to Maj. Bridewell also embrace authority for him to assist in the Collection of Wool.

Every Manufacturing Depot is calling for goods to make Shirts & Drawers, is there Not an ample supply of these garments for the present? when the goods is so much needed for exchanges? Having no authority to supervise the operations of these Depots I am unable to direct what disposition shall be made of Materials turned over to them. I am suffering dreadfully for money. Can you assist me?

Rec'd July 13 64

General:

Herewith please find the Estimate of Cotton Goods for other Departments which was sent with your Letter of 3d inst.

With all the disadvantage of the present organization in regard to Factories I should prefer having it as it is rather than engage to meet such demands from the other Bureaux as are now made, I am convinced that in every case their demands are greater than they have ever been able to collect by previous arrangement, to this remark I could except the Navy Department so far as Cot. goods are concerned as that Dept has under Contract and entire Control one large Factory in S. Ca. engaged solely in the manufacture of Osnaburgs.

I submit herewith a Report showing the operations and present condition as regards Contracts of all the Cot. Factories in the states assigned to me so far as I have reports from Agents and other officers.

From this Report it will be seen that the Commissary Department have control of ~~Eight~~ (8) Cot. Factories in this state and the State has control of five (5), (this latter business can be broken up I think if the Conscript Bureau will only act vigorously and rigidly in the matter). The Navy

Department as before stated has control of one very important Factory in Ga. Ca. which is engaged solely in the manufacture of Osnaburgs and which could yield to the Govt about 50.000 yds per month if working under same Rules as others now under contract with this Dept.

Can this not be arranged (in view of the fact that in the Estimate of ~~Navy Dept~~ they only call for 5000 yds for 2 months) so that this Dept can have control of that Mill?

If this one Mill could be transferred to me and some satisfactory arrangement made with Com'y Dept I think I could manage the balance; the demands of the Com'y Dept I think are increasing quantity they are now receiving.

Could not some arrangement be made with that Department by which they could be contented to receive a certain proportion of the Cotton goods collected by the 2nd Dept?

I find that the plan is much in need of a Commander of the Post, Troops are being collected here and Straglers are in the streets at all times, there is a Provost Marshal here but he is not a Commissioned officer or ever a Soldier and hence his authority is not respected as it should be, an addition to the garrison of a Regiment under and will become more a point now that R. R. communication is broken off between Memphis & Chattanooga

Capt Jno H. Adams of 20th Miss Regiment is now without a command, his Regiment was captured at Fort Donelson while he was absent on sick leave, from the reputation of Capt Adams here both as an officer and a Citizen I feel satisfied that he will make an excellent Commander of the Post, he will accept the position, in fact is anxious for duty in the field.

I hope Major that you will see the General and urge him to make the appointment, I feel somewhat interested in the matter as it will retain many good and efficient officers here on Genl duty.

Captain Cunningham, by multiplying his abstracts, (running them down to Abstract F) has greatly and unnecessarily increased the labors, and that of this Department, in getting up and examining & adjusting his accounts. It is to be hoped, that hereafter he will follow the forms prescribed in the Regulations for the Q.M. Department. The system therein contained has been perfected and is the simplest that can be adopted - and any change or innovation on it, only increases labor and tends to confusion.

Dear Sir

Maj. V. K. Stevenson directs me to write and request that you would authorize him to appoint or employ a watchman to be stationed inside the building from sunset to sunrise now used by the Department here as a Supply Depot.

Owing to the great number of operatives now engaged in manufacturing Clothing &c we may have some among them who might be induced to set the incendiary, in addition to this apprehension we will have necessarily a number of Stoves or Fires all through the Building during the winter which will much increase the risk of accidental fire, the destruction of this building now would involve a loss of not less than half million dolls. besides the incalculable loss in time and derangement of the business.

There is a guard of two men detailed from the Home Guards here every night for this Depot but Maj. Stevenson thinks this is but little security in the emergencies mentioned above.

Very Respectfully &c

PROCLAMATION.

EXECUTIVE OFFICE,
Jackson, November 21, 1861.

Whereas, the Legislature has, by an act approved this day, authorized and empowered me to receive and muster into the service of the State any number of volunteers, not exceeding 10,000, by companies or squads, or individuals offering themselves, with arms in their hands, to serve in defense of Columbus, Ky., or any other threatened position, for sixty days:

Now, therefore, by virtue of the power thus vested in me, I will receive any company, squad, or individual tendered to me, armed and equipped; double-barreled shotguns or hunting rifles will be considered efficient arms. It will be necessary for each volunteer to provide his own clothing and blankets and cooking utensils of easy transportation, as provision of those articles cannot be made by the quartermaster of the State.

The places of rendezvous are Corinth and Grenada, where officers will be in readiness to receive and organize into companies, battalions or regiments such volunteers as may present themselves. Transportation will be furnished from the depots nearest the place of assembling to the rendezvous for all companies, squads, or individuals.

The commanders of companies and squads are authorized to sign certificates showing the number of men and distance traveled by their respective commands, which certificates will be received as evidence of the indebtedness of the State.

All volunteers should provide themselves with three days' rations. All who have efficient arms I hope will bring them, and if they cannot, put them in the hands of some able and serviceable man who will bring them to the aid of the State. Volunteers requested to be at places of rendezvous by Monday next, or as soon thereafter as possible.

Generals Reuben Davis and J. L. Alcorn will command the troops thus raised.

Since then I have received an order from the Chief of Subsistence to turn over all hides to the Quartermaster & having by published card, that Major Timms had charge the management of the hides in a similar manner to Mr. Wade as his Agent I was led to the conclusion that my promise to turn them over to Ames was in strict conformity with the views of Major Johnston & Major Timms & their orders.
